Medical Information: Heart disease, No Addictions, No Alzheimer's

- viii. WARREN C "SONNY" CHAPMAN, b. 1907; d. 1909, Perkins Co., S. Dak.

- ix. HARRY DONALD CHAPMAN, b. November 12, 1909, Sod House - Near Ada Perkins Cty, S. Dak; d. September 25, 1989, Mayo Clinic - Rochester, Minnesota; m. LUCILE EMILY MOSIER, February 15, 1932, Justice of the Peace, Elk Point, S. Dakota.

Notes for HARRY DONALD CHAPMAN:

Harry liked to have fun and would join in any fun activity. As a high school athlete, he achieved success in football and track. Harry did achieve State recognition, running the mile in 4:36 and coming in 6th.

Harry sold out his large inventory of farm equipment to go into the fertilizer business, which proved to be more than he bargained for with two partners of questionable merit. The business was literally taken over by a large cooperative and Harry/Lucile moved from Wadena, Mn back to Iowa. Harry became a specialist in sales and fertilizer application for three different farmers elevators. After suffering a stroke, Harry recovered to become a State meat inspector. The determination to excel at whatever task he faced made Harry eager to accept new challenges. If somebody had done it, Harry could figure out a way to do it. He was a great role model as a father. While Harry did on an infrequent basis, challenge those who were in his way, he was respected by the entire community. Harry served on several county boards and on the local school board. He was considered one of the better farmers in the county even though he did not own his own farm.
