## From the President

Another successful fair has passed us by, and what a great time had by all. The Davis County Fair is grander than all around. This event is a terrific way to get folks out and to talk and visit about local History and family heirlooms, along with remembrance of those that came before us. Each year we exhibit a genealogy booth, we raise the awareness to the need of preserving our past. Talking with folks as they stop by the booth, is a wonderful chance to reminisce and to learn more about the people and History around us. Hope to see more of you engage in next years Fair. See page 3 for results.

I was called away mid July to attend a funeral for a nephew on the east coast. Although a sad affair, it was an opportunity to visit the cemetery that my g-grandparents rest in. I had never been there before and was astonished when I drove directly to Yonkers, NY., with internet directions! My 2nd astonishment was

soon forthcoming, riding on my adrenaline, as I walked up to the section directed by the cemetery curator, to find the headstone with 3 Surnames on it! I took my photo graphs and went right back to the cemetery office, and asked, "Do you have any plot information, and can you explain whom else is buried in this lot?". I recognized that these were relatives, and I had very little information, the gentleman at the cemetery, gave me first names, and years of death, but no obituaries, funeral homes, etc., was to be had. Oh, this day gives and this day takes away, another few weeks of research! So, as you can imagine, I am searching high and low for information on the other surnames, Census, Passenger Lists, etc., which most have led me to the Boroughs of NY City. What a melting pot that must have been in the day. Wish me luck.

### BLOOMFIELD

The Bloomfield Public Library celebrated its 95th Anniversary on Saturday, August 11, 2007. We have been hosted by this fine establishment since 1978. Almost 30 years, they have been grand enough to allow us the vacancy of a room in the basement. Any one who has the opportunity to thank them, please do. On April 20, 1978, The Davis County Genealogical Society met for the first time in our Genealogy Room at the Bloomfield Public Library. 12 Members were present. The dues were only \$1. 1978 Officers were– President, Phyllis Thomas; Vice Pres– Ina Thompson; Secretary– Beverly Horn; Treasurer– Sue Spilman. The treasurer's report for the month of April, 1978, showed a balance of \$769.57. The first Microfilm reader had been purchased and was awaiting delivery. The 1882 History book had also been reprinted, and was a hot item. They started out with 2 cards tables, and also purchased the microfilm rolls of courthouse records for \$7.50 each, as they had just become available through the LDS. The society exhorted much effort, to have this great feat accomplished. The Davis County Genealogical Society was originally chartered in May 1974.

This year we had 50% more exhibitors for a total of 21 with an increase of 12 exhibits representing an increase of 25% over past years. The exhibit draws a lot of comments about things of history that the fairgoers possess. One of the purposes of the Society is to encourage preservation of family history as well as area history.

Winners of the drawing were Shawn Hartman of Ottumwa 18 month of membership

## **Was Baby Traded Peculiar Circumstances Told in Letter to Drakesville Postmaster**

Ironton MO

March 11, 1924

Post Master, Drakesville Iowa

Dear friend:

I am writing asking you to give me the names of some Indians living in or near Drakesville in 1876, and see if you can find any one who knew a Dr. Leslie and wife and niece Molly Mayes.

Dr. Leslie often visited among the Indians. He was medium height, very fair complexion, yellow hair and beard, or some might call it light brown. His head was bald down almost to his ears. Mrs. Leslie was medium sized, fair complexion with rosy cheeks, keen black eyes and black hair. The young woman was of small stature below medium, very delicate, fair complexion, and dark brown or auburn hair, grey eyes. She had a child born at Drakesville January 5, 1876. They went from Drakesville to Minnesota, living in the lumber woods, 60 miles from any town for 1 winter. I think probably a part of a winter; from there they moved to St. Cloud, Minn. I think for a short time they lived in Ottumwa, Iowa. Some of the names of people I have heard them speak of were: Mr. Quigley, Mrs. Griffin, Mr. and Mrs. Weaver and son, Mr. Joe Merit, Mrs. Dick Parrot, I have their pictures: Mrs. Estes and daughters, Mrs. Thompson.

Give me an account of the Indians who were around that place at that time. I would like to know if any of them had a girl baby stolen or gave one away to Dr. Leslie or if any of the Indian women gave birth to a baby boy on January 5, 1876. I would like to know the complexion and average heights of the Indians, and if some of the most prominent ones are still living.

Dr. Leslie and family went to Iowa from Knobnoster, Johnson county, Mo., when the child was three years old.

This may all sound crazy to you, but I have good reasons for wanting to find out.

Molly Mayes died soon after they came back to Missouri having contracted tuberculosis while in Minnesota. Mrs. Leslie died 27 years ago and Dr. Leslie 26 years ago.

Mrs. Lela Lee Keith

Ironton Mo., Box 314

Later: My theory is that Mollie Mayes' baby was a boy and that in some way by Dr. Leslie or a hired nurse or some one, the babies were exchanged a short time after birth. Dr. Leslie and wife both almost hated boys and were crazy about girls so as they were to raise Mollie's baby I can readily see where they would not want a boy. I feel that Mollie was deceived and knew nothing of the transaction, but the girl that grew up as Mollie's child, or rather as Dr. and Mrs. Leslie's child, surely is an Indian woman, with high cheek bones and piercing grey eyes, an ardent admirer of fringe, tassels, beads and such likes, and a beautiful worker with beads and basket maker, all of which came natural to her.

The rocks and hills and caves have always had a weird enchantment for her, and the flowers and trees have always whispered wonderful secrets. The wild has always been calling and in great crowds she has always felt alone. She also loves fine horses, is passionately fond of them though she has had no chance to develop her desires. Her diseases are different to the other women with whom she was brought up. At 48 she has the vitality and strength of endurance of most girls of 20, and in looks could pass for 20. She has long dark brown hair, and was noted wherever she lived for her beautiful hair. She can read people like books and has many secrets learned from the night and nature all around that no one could know who had not Indian blood in their veins.

Please see the Indians and try to find out these things for me.

Probably an Indian woman died and gave her girl baby to Dr. Leslie and Mollie's baby may have died, and the other baby have been put in its place. I must know! Oh, I must know!
