Compiled from Prairie Grove Cemetery documents Sep. 2013

Cemetery records did not include the birth and death dates or notes found below.

Birth and death dates come primarily from FindAGrave records or from grave markers. Some dates and information in the Note column comes from birth records, marriage records, Social Security death index, and similar sources.

Cemetery records contained no information about the oldest burials in the cemetery in Section 2. For information about known burials there, see the 1978 gravestone survey compiled by the Des Moines County Genealogical Society.
