May 11, 1868 through Sept. 4, 1868

[Note: Mr. Gates did not write the dates over the columns of the register so all dates are estimated except the beginning of the term (May 11) and the end of the term (Sept. 4). There were not enough columns for all of the calendar dates in this term. Evidently there were some days off during this term – probably an August break seen in other summer rosters. One would need to know the school calendar to more accurately date each column.]
