

J. A. Roth, of Dale, was in the city Saturday, and made this office a very pleasant call. Mr. Roth says his son, William, will graduate from the law department of the Ann Arbor schools in June, a full-fledged lawyer.

Mr. Wm. Roth, who announces this week as a candidate for the County Superintendency of schools, is a son of Joseph Roth of Dale township. As is indicated in his announcement, he is a graduate of the Valparaiso, Indiana, Normal School which makes a special business of preparing teachers for their life work. Of our personal knowledge we know him to be an ambitious and enterprising teacher, he having taught in this county. We presume he may not be widely acquainted in the county but doubtless he will be able to call on many before convention day. Should Mr. Roth be elected we feel that he will make an active and efficient officer.
