Some of you may remember Father Maur Burbach, OSB. We received news that he died on June 11, at age 68. He was professor of philosophy and spiritual at Conception in the late 40's. He later was rector of the seminary for 8 years. Father Maur spent a number of years as executive secretary of the National Liturgical Conference, which spearheaded liturgical renewal in the United States before the second Vatican council. In the early days of St. Pius X Abbey, near St. Louis, he was its prior. In all of his active years he gave countless retreats to priests and sisters all over the United States. He also assisted with the renovation project of St.

Ambrose cathedral in Des Moines.
