

This is the data base of Graceland Cemetery located one mile west of Rowan, Iowa.
 For further information or corrections, you may e-mail me at "leealdrich@frontiernet.net"

Information was obtained by inventorying grave markers, so some people are still living, indicated by an "L". If no location of burial is given, there is no grave marker and the information indicated is from the 1976 survey done by the Wright County Genealogical Society. These booklets are available at the Clarion Public Library. Six booklets of cemeteries close to Belmond are available in the Belmond Public Library.

Information is current through May 12th, 2014

Last names are alphabetical, but First Names are not. They are arranged by (in order) cemetery, section, plot, and lot, so that family groups may be assumed.

Veterans are indicated.

The "*" indicates that a obituary was consulted in the 1976 research.
