I'm trying to locate the names  
of parents of a patient there in  
1890. Makala Jane Perry McInroy  
was there until she died 21 Mar 1891  
& supposedly is buried in county  
farm plot in unmarked plot.  
We know mental records are closed  
& don't wish to know any information  
other than her parents names &  
if she is buried there. Is it  
possible that you have records  
that far back?

This woman is my mother's ancestor.  
Supposedly, she was born 29 Sept 1855  
in Anamosa, Jones Co., Ia. Could you  
check that too?

Any help would be greatly appreciated.

Sincerely,
